Next-level breadth, depth, and speed.

The Industry's Most Accurate and Efficient Multi-State Solution

PRODUCT:

Multi-jurisdictional Criminal Data Search

SCOPE:

Data sources include over 850 million criminal records, 50 States, SOR registry, & major Federal sources

UNIQUE VALUE:

With deep industry expertise and advanced filtering we tailor the solution for YOU

More Accurate

Cleara searches a massive database of criminal records across the United States to ensure accurate results you can rely on.

More Efficient

Cleara's advanced filtering, supported by modern technology including artificial intelligence and machine learning, enables you flexibly to set algorithms and matching logic to meet your needs – reducing labor and enhancing efficiency.

Cleara's Multi-jurisdictional Criminal Data Search continually receives updates from sources across the US.

We can run a county or state search to confirm hits found within the multi-jurisdictional search for an additional fee.

Cleara offers an optional additional solution: Address Locator Services, to help identify which locations to run a Criminal County Search, or pair the search with the multi-jurisdictional criminal data search to conduct the most expansive search available. Cleara's Address Locator mines millions of records to help identify potential alias names, nicknames, DOB's, and addresses that may not have been disclosed.
